

Originally published in 1915, this classic work aims to lay the foundation for skill in cooking by directing the pupil to follow established recipes and to treat the process of cooking as experiments in a scientific study. Recipes and directions for cooking are supplemented by suggestions which assist the pupil to appreciate the significance of each step he takes and to observe the change that is taking place in the substances he is using. This is a fascinating read for anyone studying cookery with much of the information still useful and practical today. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Yes, Fall Apples: Crisp and Juicy (Cloverleaf Books: Falls Here!), Serving with Eyes Wide Open: Doing Short-Term Missions with Cultural Intelligence, Thermochemical Data of Organic Compounds, Easy Hikes Close to Home: Chicago: Including the Collar Counties and Northwest Indiana, Tahiti the Golden (Classic Reprint),

On Cooking: A Textbook of Culinary Fundamentals, 5th Edition. Sarah R. Labensky, Asst. Professor, Woosong University. Priscilla A. Martel. Alan M. Hause.

On Cooking has ratings and 26 reviews. Carole said: We used this book for Food Prep 1 & 2. It isn't aimed at home cooks, but anyone who is interested. Read this book The text is rather comprehensive in its discussion of basic principles of general . Cooking Techniques: Thickening and Concentrating Flavors. Three of the four are referred to as the "big three": Sarah Labensky and Alan Hause's On Cooking: A Textbook of Culinary Fundamentals.
