

The writer engages the past, present and future prose of himself and the impressions that are gathered amongst other pupil he encounters. - Mr Jason Isla, Percussion Artist and Instructor The author writes yet paints a picture, to enlighten. And he does this in a way that speaks through the best and worst of us.- Captain John Parker, US Army Chaplain and Public Affairs By expounding on his own journey, from spoken-word into prose format, he gauges personal experiences to create Apertures of his life to Aperturah. These experiences now gauged and official, will be the witness for anyone to secure victories from within.- Mrs. Tiffany Boyd, Arms Technician The youth need our tenacity and hope, for what is, and what is coming ahead...Someone first said to the world I have a Dream. (MLK) They said it bold enough and long enough and expressed it well enough that, church and state, atheist and religious, bondage or freeman, frat, convent, mason, clan -became spirited. But history is like a revolving door and currently displays that many fall short of Spiritual, and still short of United. The effect of a dreamer, virtuous or malicious, can last for generations. Regardless generations have to dream too, but since we live in a radical world where people conquer through technology and no longer unite in the spiritualism; then Drones will be Humanities Damnation or Salvation; the Era of Dreams is uncertain, and may come to an end. I encourage you too, to weaponize the dreamer, between your own gunshots and laughs. Remember, It is better to have and not want, than to want and not have.- Susurrus Semiotics â,,ç by AXIJMUS©
