

Your time in seminary can be a period of great blessing and adventure, on the one hand, but also a time of great confusion and doubt, on the other. How do you navigate the challenges, questions, and even frustrations of seminary life? Am you the only one who is confused in your classes or struggling with what you believe? What does all this theological stuff have to do with serving Christ? Finding Your Way was written to help you with these questions and perhaps with others that you didnt even know you had. This little book will help you see that seminary education is not a hoop to jump through or a burden to bear on the way to real ministry. Rather, your theological education is an important part of your vocation and spiritual formation now and for your future service. To this end, this book serves as a guide to the ins and outs of seminary life, to fostering a loving relationship with the church, and to developing spiritual habits that will bless you throughout your ministry. Finding Your Way is the postmodern version of Thielickes A Little Exercise for Young Theologians. As both a teacher and friend, Phillip Camp is wise in navigating the task of loving God with ones heart and ones mind. Because he is a committed academic and minister--Camps book will be a compass for seminary students of all tribes and denominations. --Josh Graves, author of Jesus Feast: Spirituality for the Hungry Everyone enters ministerial training with enthusiasm and great hopes. Unfortunately, in many cases the weight of classes, assignments, and tests can distract from the joy and clarity of that initial call. Writing in a warm and inviting style, Phillip Camp provides practical advice on deepening ones walk with God and specific ways to keep a healthy focus while in seminary. Anyone preparing for ministry should read and follow the wisdom in this book. --Gary Holloway, Lipscomb University For the young graduate entering the new world of theological studies, I cannot imagine a more valuable resource than Philip Camps Finding Your Way. It is a warm and surprisingly comprehensive guide into a new and somewhat strange world. It is written by a distinguished scholar who has traveled the road of which he writes, yet it does not take long before the reader senses these are words of a deeply concerned and loving friend. I would make this book a requirement for any new seminary student. --Earl Lavender, Lipscomb University Fifty years after Helmut Thielicke wrote his Little Exercise For Young Theologians for German seminary students, Philip Camp, building on that work, has written a primer for twenty-first century American seminarians. Gentle, but probing; wise, but never glib, Camp is an excellent guide for those sitting on both sides of the desk in academic religious education. To those going to seminary: READ THIS BOOK! --Randy Harris, Abilene Christian University Writing with humor and humility, Phillip Camp offers a valuable handbook for people entering seminary. He is both relentlessly practical and always theological, framing hints about things like time management within a larger vision for church, ministry, and life before God. The book will resonate immediately with students coming from more conservative backgrounds. But there is living wisdom here for thoughtful readers from every corner of the church. --Ted A. Smith, Vanderbilt Divinity School Phillip Camp is Assistant Professor of Old Testament in the Hazelip School of Theology at Lipscomb University in Nashville, Tennessee. He also serves as an associate minister at the Natchez Trace Church of Christ in Nashville. He and his wife Amy have three sons, Jim, Davis, and Tim.
