Reduce the effects of climate change on the ocean by leaving the car at home when you can and being conscious of your energy use at home.

A/RES/72/ - International legally binding instrument under the United Nations Convention on the Law of the Sea on the conservation and sustainable use of. The ocean is vast, covering million square miles, some 72 per cent of the and seas and promote the environmentally sound use of marine resources. Ocean warming and ocean acidification are new global-scale threats affecting the seas today. A precondition for sustainable ocean use will be an exact analysis. The fragmentation of responsibilities makes it harder to ensure that use of the sea is entirely sustainable. Experts are therefore trying to define universally. Germanic languages also use the general Indo-European word (represented by English mere (n.)), but have no firm distinction between sea and lake, either.

Many people use the terms ocean and sea interchangeably when speaking about the ocean, but there is a difference between the two terms when speaking . Reducing global plastic pollution through education and participation. Pick it up. Bin it. #Take3fortheSea. A non-profit organisation formed in raising.
